

THE INCREDIBLE HULK PARTY

TREATS

3 tablespoons butter, divided
27 large marshmallows
3-4 small drops Kelly green gel food colouring
4 cups rice cereal
1.5 cups purple candy melts
3 tsp coconut oil, divided ½ cup
dark brown candy melts
½ cup dark brown sprinkles
Candy decorating eyes
Black decorating frosting (ready-made)

Instructions

Coat a 9x9 square pan with 2 tbsp of butter and set aside. In a medium saucepan over medium heat, melt 3 tbsp butter and add all of your marshmallows.

Stir until marshmallow is completely melted. Color marshmallow mix with green food coloring and add rice cereal.

Mix until thoroughly combined. Evenly pat your cereal treats to the base of your coated pan. You can use a piece of wax paper to smooth it out (and so that your hands don't get too sticky). Allow for it to set (about one hour) and cut into rectangles. Line a baking sheet with wax paper. Microwave your purple candy melts and 2 tsp of coconut oil in 30-second intervals until melted. Dip the bottom of each of your cereal treats (about ¼ of the way up) and set on the lined baking sheet. Microwave your black candy melts and 1 tsp of coconut oil in 30-second intervals until melted. Dip the top of each of your cereal treats and add sprinkles. This will act as the Hulk's disheveled hair. Using your black buttercream, stick on the candy eyes on the green portion of the cereal treats. Draw black buttercream lines above the candy eyes – these will act as the Hulk's angry eyebrows.
